

## **Discussion Questions**

- **What did the reading of the secrets during the messages stir up in you? Or how did the stories of changed lives speak to you, personally during this series?**
- **Is there still a secret sin that you are struggling with? What is it that is holding you back from surrendering this area of your life to Christ? What step of faith do you need to take?**
- **Who needs to hear your story of how God has changed you? (this is a personal reflection)**
